PARTS OF THE PLANT

A plant is made up of parts. Each part is very important.

A plant starts from a small seed.
The roots are the feet and bring water to the stem.
The stem is the body of the plant. It brings water to the leaves and keeps the plant up.

The leaves are the arms. They bring sun to the plant.
Flowers make the seeds. They can be big or small.
The fruit is the flower.

What are the feet of the plant?
